

# Essential Third-Party Services

The Desired Results Access Project may engage third party companies to perform services on our behalf (e.g., e-mail service providers, database management and hosting, web analytics and other services). These third parties may therefore have access to your Personal Information. In general, the third-party providers used by us only collect and/or use your personal information to the extent necessary to allow them to perform the services they provide to us. This access is provided so that they may perform these tasks on our behalf and they are not authorized by us to otherwise use or disclose your Personal Information, except to the extent required by law. Certain third-party service providers may have their own privacy policies. For these providers, we recommend that you read their privacy policies so you can understand the manner in which your personal information will be handled by these providers.

## Third Party Vendors Used by the Desired Results Access Project

Vendor	Primary Purpose
DSA	Secure Data Storage
StreamSend	Communication / Announcements
Google Analytics	Usage statistics
California Dept of Education	Oversight / Monitoring
Box	Secure File Storage and Transfer
